James Chadis, the driver, paid \$10 and costs to Justice of the Peace Claude Straley, New Oxford, on a charge of having no operator's license. Police said he was driving a Pennsylvania-registered automobile.

Then Chadis was fined \$10 more, plus costs, for failing to have an inspection sticker on the car he was operating. The bill for the Baltimore man's holiday ride had \$25 more added to it, also with costs, when he was fined this amount on a reckless driving charge.

Others Are Fined

Thomas Pinelli, a Philadelphia motorist, paid \$10 and costs to Justice of the Peace Howard Blocher, Littlestown, for reckless driving.

CUPID GETS OFF TO FAST START IN BRIDAL MONTH

June, the traditional month of brides, got off to a good start today with the county clerk of courts granting marriage licenses to six couples.

May also proved a romantic month this year, judging by the 35 licenses that were issued, six more than the 29 granted during the same month last year.

With the rush for licenses today it was possible that by the end of the month the number of licenses may offset the current deficit for 1948 compared to last year's license business. Up to the end of May, 78 licenses had been handed down. Up to the same time, last year, 85 permits were given.

Couples Licensed

Those who received licenses to wed today were:

Conway Justin Dettinburn, son of Mr. and Mrs. Carl J. Dettinburn, New Oxford R. 2, and Nadine Marie Bevenour, daughter of Mr. and Mrs. Louis J. Bevenour, New Oxford R. D.

Norman John Hertz, son of Mrs. Ralph Hertz, New Oxford, and Mildred Constance Becker, daughter of George H. Becker, Hanover.

Joseph Jerome Miller, son of Mr. and Mrs. Joseph M. Miller, New Oxford R. 2, and Anna Jane Klunk, daughter of Mr. and Mrs. John W. Klunk, McSherrystown.

Earl Edgar Bomberger, son of Mrs. Edgar A. Bomberger, Lebanon, and Madeline Jane Pee, a student at Gettysburg college, daughter of Mr. and Mrs. Ernest L. Pee, Phillipsburg.

Melvin Ray Prosser, son of Edward C. Prosser, York Springs R. 1, and Naomi Rebecca Keefer, daughter of Mr. and Mrs. L. Lloyd Keefer, York Springs R. 2.

Dean Elwood Breighner, son of Mr. and Mrs. Edward P. Breighner, Littlestown R. 2, and Romaine Alverta Koontz, daughter of Mrs. Rosea A. Koontz, 132 West Middle street.

Sergeant Edwards Given Bronze Star

Sgt. George F. Edwards, a veteran of more than five years of service in the army, has been awarded the bronze star, according to word received by his parents, Mr. and Mrs. P. W. Edwards, Gettysburg R. 4.

Sgt. Edwards is now stationed at Kumamoto, Kyushu, Japan, with Co. F of the 21st Infantry regiment.

The citation, signed by adjutant General Dan Herbert, Washington, D. C., says the medal was awarded to Sgt. Edwards "for exemplary conduct in ground combat against the armed enemy during the New Guinea campaign in the Pacific Theater of Operations." Sgt. Edwards was wounded in action. When his enlistment expired after the close of hostilities in the east, he re-enlisted.

Thomas Resigns From Rotary Office

Ernest Dunbar, of the Littlestown Rotary club, has been named governor of the local district of the Rotary, it was announced today in the weekly Rotary letter put out by the Gettysburg club.

Dunbar was selected for the post when Edmund W. Thomas, president of the First National bank here, withdrew from the office after having been elected at the recent spring convention held by the district at Harrisburg.

Upon his withdrawal, the committee of past governors appointed Dunbar to the post.

The bride's mother wore rose beige crepe with a gardenia corsage and white accessories. The groom's mother was dressed in a rose and black print dress with a gardenia corsage and black accessories.

Reception Follows

A reception was held immediately following the ceremony at the home of the bride's parents. Out-of-town guests were present from Hanover, Mechanicsburg, Harrisburg, Philadelphia, Newark, Del., Hartford, Conn., Racine, Wis., and New York, N. Y.

After the reception the couple left for an unannounced destination on a wedding trip. They will reside in Pitman, N. J., after June 28.

The bride, a graduate of Gettysburg high school and Gettysburg college, spent a year in graduate work at the University of Pennsylvania and was an assistant in the department of biology at Gettysburg college during the past year.

The groom was graduated from Gettysburg college with the class of 1948 on Monday morning. He served during World War II for three years, including a year in the Pacific in the Submarine Service as electronic technician.

He has accepted a position with the Radio Corporation of America in Camden, N. J.

MAY WEATHER NEAR NORMAL, RECORDS SHOW

May weather summaries for Gettysburg show the month came closer to being a completely "normal" month than have most months in local weather annals.

The month was slightly warmer than average — but only a fraction of a degree off normal — and the rainfall total was 2 inches above the long-term average May rainfall figure here.

The hottest day last month was the 11th when the mercury climbed to 90 degrees and the lowest temperature in the 31-day period was the 9th when the temperature dropped to 40 degrees. The average daily high temperature was a comfortable 72 degrees and the average low for May nights in Gettysburg was 52.9 degrees.

Measurable amounts of rain fell on 12 days and the heaviest rain of the month occurred on May 7 when 1.25 inches was measured. There were thundershowers, fog, hail and strong winds at various times.

If May was abnormal this year in any respect it may be that it was short on sunshine, for only nine days were recorded as being clear. Eleven were partly cloudy and 10 others were cloudy.

The wind came from every point of the compass in May but westerly and south westerly breezes prevailed.

Start Campaign On Illegal Parking

State police of the Gettysburg substation are about to open a campaign against illegal parking in various towns in Adams county which have no regular police force. Sgt. W. Kurt Duhrkoff, in charge of the local detail, announced today.

Towns to be affected by the drive will include Abbotstown, East Berlin, Biglerville, Bendersville, Arendtsville, Fairfield, Cashtown and others.

"We have noticed that many drivers pull up on the wrong side of the street, with their cars facing into traffic, park on an angle, or too far from the curbsides," Sgt. Duhrkoff said. "Beginning very shortly, we are going to see that the laws are enforced in these towns which do not have their own police forces."

Thousands View Parade And Children Place Flowers On Veterans' Graves, Monday

G.A.R. And Legion Rituals Add To Impressiveness Of Exercises

Many Thousands Line Streets To View Colorful 2-Mile Procession

One of the largest crowds in recent years gathered at the National cemetery Monday afternoon to witness the strewing of flowers on the graves of Union soldiers, who lost their lives at Gettysburg in 1863, and veterans of the Spanish-American war, World War I and more recent graves of World War II.

Thousands lined Chambersburg street, Center square and Baltimore street all the way from the Meade school to the cemetery for one of the best parades ever witnessed here on a Memorial day, and it was estimated that at least 5,000 gathered in the cemetery as the traditional G.A.R. services were conducted by Gettysburg Camp No. 112, Sons of Union Veterans, followed by the American Legion ritual.

Colorful Exercises

No better day could have been chosen for the solemn ceremonies. The blue skies were almost cloudless and the sun brought to life all the color of the grass, the foliage in the cemetery, the bright faces of the hundreds of school children and the colors of the flowers they carried, and the Red, White and Blue of the flags which decorated the graves.

A microphone was placed near the center of the vast semicircle of Civil war graves, and from this spot Thomas W. Winebrenner, commander of the Sons of Union Veterans, conducted the G.A.R. memorial service. He was assisted by George P. Black, chaplain of the local post.

The Legion memorial was conducted by Wilbur A. Geiselman, past commander of Albert J. Lentz Post No. 202, American Legion, and 22nd district deputy commander, Herbert Smith, Red Lion, 22nd district commander, acted as chaplain.

Pupils Strew Flowers

The automobiles which carried Congressman Joseph W. Martin, Jr., speaker of the House of Representatives and principal speaker of the afternoon, Congressman Chester H. Gross, master of ceremonies, and other notables, drew up opposite the graves, and public school children, under the direction of Dr. Lloyd C. Keefe, superintendent of schools, (See GAR AND Page 2)

Take Flowers From Graves

Several spectators who visited the National cemetery Monday afternoon apparently missed the solemn significance of the Memorial Day services, and in particular the strewing of the flowers by the school children on the graves of those buried in the cemetery.

After the conclusion of the program at the rostrum, at which Congressman Joseph W. Martin, speaker of the House of Representatives was the orator of the day, several persons were seen removing flowers from the graves, presumably to take away as souvenirs.

Columbia River Floods Force Mass Evacuations

Portland, Ore., June 1 (AP) — The Columbia river flood, which already had taken a toll of at least 20 lives and property loss of more than \$7,000,000, forced mass evacuation today of a 120-mile section at the lower end of the stream.

The river had already caused the northwest's greatest disaster as its crest approached the rich farmlands from the Portland area to the sea. Army engineers gave the warning to evacuate, but said many of the thousands of residents already had fled.

The toll of dead will not be known until waters recede. No estimate of damage throughout the area was available, but the Portland housing authority said damage at the crumpled war-housing city of Vanport was \$27,000,000. The only other estimate was \$10,000,000 damage in the Kelso, Woodland and Kalama district of southwest Washington. Those were only two small areas affected.

Before the Vanport disaster, army engineers had predicted the Columbia and its tributaries would cause a total loss of \$30,000,000. The engineers now won't make any kind of an estimate.

The river, second largest in the nation in amount of water discharged, is at flood stage for 750 miles. The crest will reach the Portland area tonight or tomorrow.

TALL CEDARS TO ASSEMBLE HERE THIS EVENING

For the first time in the history of Gettysburg the Tall Cedars of Lebanon, York Forest No. 30, will hold its Spring Ceremonial in Gettysburg this evening. More than 700 are expected to be present including: Supreme Tall Cedar Herman Willardette, of Montclair, Pa., Senior Deputy Supreme Tall Cedar William Schmid, of Long Island, N. Y., Grand Tall Cedar Sanford Polkemer, York, and the officers of the Forests at Hagerstown, Baltimore, Frederick and Harrisburg.

Also for the first time in the history of the organization three men all of Gettysburg, will be made "Tall Cedars At Sight" by the Supreme officers. They are: Dr. Henry W. A. Hanson, president of Gettysburg college, Judge W. C. Sheely, president judge of the Adams-Fulton courts and Charles W. Myers, oldest veteran in point of age and years of service of the Western Maryland railroad.

The York Forest band of fifty pieces will play in the parade. This band won first prize in a national contest at Asbury Park, N. J., several weeks ago.

Six hundred and fifty reservations have been made for the dinner to be served in Huber hall at 5:30 o'clock this evening.

The parade will leave Huber hall at 7 o'clock featuring the uniformed Rangers drill team. The procession will move through Carlisle street to Center square, west on Chambersburg street to North Washington street and then north on the latter street to the Eddie Plank gymnasium where the Ceremonial will be held.

C. E. Bilheimer, athletic director at Gettysburg college, is chairman of the local committee on arrangements.

SPORTSMEN TO RESTOCK DEER; PLANNING PICNIC

The Adams County Fish and Game Federation will hold a public picnic at the South Mountain Fair grounds, July 29, for all members and their families, it was announced at the May meeting of the Adams County Fish and Game Association, held in Fairfield, at the firemen's hall.

One hundred attended the association session, together with a group from the Ladies Auxiliary. A discussion on the purchase of deer from Wisconsin was tabled until the next meeting. The group decided to contact other sportsmen's groups in the county for their cooperation in the purchase of deer for restocking in December after the hunting season is over.

To Show Film

The group expressed the hope that some individual sportsmen will also donate or offer to purchase adult deer for restocking.

A motion picture of the state game cooperative farm program and a motion picture on the handling of guns was also shown.

The next meeting of the association will be held at Martin's Tourist camp on Marsh Creek Heights on the fourth Thursday of June when all the wives and the Ladies Auxiliary are invited to attend.

The group also decided to continue its drive for new members.

Drum Corps Drills Delayed Marchers

LeRoy H. Winebrenner, chief marshal of Monday's Memorial Day parade, today explained the long wait school children experienced in the National cemetery until the end of the parade reached its position along the north drive when rituals and flower strewing could begin.

The marshal said the parade moved on schedule at 2:30 o'clock despite the fact that one division arrived at the formation point at 2:30 instead of 2 p. m.

The drilling of drum and bugle corps along the line of march made the end of the column a half hour late in reaching the cemetery, he asserted.

SPECIAL STAMPS

Two special issues of stamps went on sale today at the Gettysburg post office. Postmaster Lawrence Oyler announced. Both are three-cent issues. One commemorates the four chaplains who were lost at sea in a ship sinking in World War II and the other marks the centennial of the state of Wisconsin.

Says Gettysburg Should Be Seen By All Americans

"This is very beautiful country," Congressman Joseph W. Martin said Monday afternoon at a luncheon at the Hotel Gettysburg. Speaking of the battlefield and the part of Adams county he had seen on his way here for the Memorial Day exercises, the speaker of the house added:

"Not only is it beautiful country but one never visits here but that he goes away strengthened in love of country. Every American should visit this shrine."

Members of the Memorial Day committee, a number of men from York, Congressman LeRoy Johnson of California and his party, Congressman Chester H. Gross, Park Superintendent Dr. J. Walter Coleman and others joined for the luncheon.

Martin seemed to thoroughly enjoy the company and his visit to Gettysburg. He expressed amazement at the extent of the county's fruit industry, saying "Everyone knows there is fruit here, but I never realized just how intensive it is until I came here."

After the cemetery exercises he left Gettysburg for Indiantown Gap where he met Governor Duff.

DR. JOHN SACHS RETIRES TODAY AS DYE CHEMIST

Dr. John H. Sachs, a Gettysburg native and graduate of Gettysburg college, retired today as manager of the development division of DuPont's organic chemicals department at Wilmington, Del., after 31 years with that company.

Dr. Sachs joined the company as a research chemist in 1917. In the summer of 1919, the company announced the first American production of anthraquinone vat dyes, a development in which Dr. Sachs participated, as DuPont sought to produce dyes after foreign sources had been cut off by the war.

During Dr. Sachs' 31 years with the DuPont company, he has had many patents granted on his inventions in the chemical field, and has written numerous articles for scientific publications. He has recently completed two articles for a revision of the Encyclopedia Britannica now in preparation, one on anthraquinone and the other a 22,000-word article on synthetic dyes.

Is Lincoln Student

He was born on April 14, 1889. He received his bachelor of science degree from Gettysburg college in 1910, and his Ph.D. from Johns Hopkins university in 1916. He was a Carnegie Fellow at Johns Hopkins 1916-1917.

In 1918, he became a DuPont division head at the Jackson laboratory at Deepwater Point, N. J. In January, 1920, he was named superintendent of anthraquinone colors production at the dye works, now the Chambers works, at Deepwater Point, N. J. He became general superintendent of anthraquinone and sulfur colors production in January, 1929. He returned to Wilmington in January, 1933, as special assistant to the manager of the dyestuffs division, becoming manager of the development division of the organic chemicals department in June, 1943.

Dr. Sachs is widely known as a student of the Battle of Gettysburg and Lincoln's association with Gettysburg.

One Minor Accident Over Long Week-end

A minor accident Monday afternoon at the bridge near Mt. Rock on the McSherrystown-Centennial road, marred what would otherwise have been a perfect record for the Gettysburg substation of the state police for the long holiday week-end. It was the only accident reported since last Friday.

An automobile operated by Richard M. Rorer, Hanover R. 3, was making a left turn from the Centennial road into a dirt road known as Bender's lane. A car driven by Raymond H. Smith, Hanover R. 4, attempted to pass, state police said, and struck the left front fender and bumper of the Rorer car.

Damage to the latter was estimated at \$20 and to Smith's car at \$45. No one was injured. The investigation is being continued.

FIRE DRILL WEDNESDAY

ARREST YOUTH FOR STABBING AT NEARBY INN

State Policeman James Treas left for Philadelphia today to bring back John J. Dalton, 19, of Philadelphia, wanted here on an aggravated assault and battery charge for the alleged stabbing Sunday night at the Mason-Dixon Inn, Emmitsburg road, of William Scott, 21, of Fairfield.

A warrant was sworn out here for Dalton's arrest, after it was discovered that the stabbing took place in Pennsylvania. Maryland state police had first investigated the case. The inn is located on the Pennsylvania-Maryland line, three miles north of Emmitsburg.

Arrested In Philadelphia

Dalton was arrested in Philadelphia by state police of that area, and was being held there pending the arrival of Officer Treas. He will be arraigned before Justice of the Peace John H. Basehore.

Sgt. W. Kurt Duhrkoff, in charge of the Gettysburg substation, said Dalton and two companions, Thomas Dougherty, Jr., Philadelphia, and Harry Hartbauer, Rockledge, near Philadelphia, had visited at Mont Alto Sunday, and stopped at the inn on their way home. The stabbing followed an alleged argument between Scott and Dalton, police said, in which Scott suffered a stab wound in the left arm and a small laceration of the chest. He was treated at the Warner hospital.

Ladies' Night will be observed by the Gettysburg Lodge of Elks Wednesday evening. Dinner will be served from 5:30 until 8:30 o'clock during which there will be organ music.

STATE LEADS IN HOLIDAY DEATHS

(By The Associated Press)

The nation's death toll from violent accidents over the extended Memorial Day holiday appeared headed close to the 400 mark. Traffic accidents, as usual at a holiday period, caused more than half of the fatalities.

Deaths of a violent nature reported from 6 p. m. Friday up to midnight Monday totaled 378—not including the unknown number dead in the Vanport, Ore., flood.

The toll compared to 504 violent deaths over the three-day 1947 Memorial Day holiday and the 292 over a similar period in 1946. Last year's big toll was boosted considerably because of two serious airline crashes in which 95 persons were killed and tornadoes in Arkansas and Oklahoma which took the lives of 43.

An estimated 30,000,000 automobiles were on the country's highways over the three-day holiday period and more than 200 persons were killed in traffic mishaps. Of the 378 violent deaths, 203 died in motor accidents; 70 persons drowned, and 105 others lost their lives in accidents of miscellaneous nature—including plane crashes, fires and other causes.

The National Safety Council had estimated that unless caution was exercised by motorists 225 persons would be killed in traffic accidents Saturday, Sunday and Monday.

Pennsylvania ranked first with a total of 33 dead, including 14 traffic fatalities. Illinois was second with 26, followed by New York's 25, California's 24, Ohio's 20, Texas' 19, and Michigan's 18.

Around The Town

Police allowed a car to park in a restricted zone along the parade route on Baltimore street Monday afternoon so that a 22-year-old invalid boy who had never seen a parade could witness the Memorial Day procession here. He was propped up in an improvised bed on the rear seat of the car.

Harvey Bushman, local painter, and bass horn player in the Blue and Gray band of Gettysburg, marched Monday in his 50th consecutive Memorial Day parade here.

When M. Set. William L. Baldwin, chief trumpeter, Pennsylvania Brigade, Sons of Veterans Reserve sounded taps at the National Cemetery Monday afternoon during the Memorial Day exercises it marked the 19th straight year he has performed the duty, starting in 1929. The local man, since August 12, 1918, had sounded taps for 615 military funerals in Gettysburg, Allentown, York, and other towns and villages in this section.

Southerners Will Stay In Council

Atlanta, Ga., June 1 (AP)—The Southern Presbyterian church voted to remain in the Federal Council of Churches of Christ in America, after airing charges that the council favors non-segregation, has socialistic leanings and is doctrinally unsound.

The 88th General Assembly of the church turned down requests to withdraw from the council by a vote of 274 to 108. Two hours of debate preceded the vote late yesterday.

A decision was expected today on a proposal that the southern church unite with the northern branch.

GIRL HELD FOR 'TORCH' DEATH

Pittsburgh, June 1 (AP)—Police Lt. Peter A. Connors said Dolores Waldo, 17, was held pending coroner's action today in the week-end "human torch" death of her great-aunt, Mrs. Gertrude Norris, 68.

Connors said the girl, a juvenile court ward, beat the elderly widow with a flower pot and set her clothing afire. He quoted Miss Waldo as saying she and her great-aunt had quarreled over the girl's boyfriend, over a \$40 loan she made to Mrs. Norris, and over Mrs. Norris' nagging.

Miss Waldo told police she had seen her father, Dewey Waldo, an Ambridge artist, only once, that being last summer. Her mother died shortly after the birth of her 13-year-old brother, David, who is staying at Thorn Hill Industrial school, Connors reported.

The lieutenant described the death like this: Dolores pushed Mrs. Norris, who fell through a wooden hand railing on the cellar steps. She knocked Mrs. Norris unconscious with a flower pot, and used paper and rags to set her clothing afire. Shady-side hospital doctors said Mrs. Norris died after four hours of "screaming pain."

Mrs. Norris had written several songs.

The program follows: Musical selections; address of welcome, the Rev. Fr. Louis W. Porgeng, Gettysburg; musical selections; "In a Monastery Garden," by the St. Joseph's choir; address, the Rev. Harold Keller, pastor of the Cone-wago chapel; "Silver Jubilee Greeting Song," by seventh and eighth grade children; presentation address, Charles Seymour; sketch, "Bonneville Celebrates," by fifth and sixth grade children; "Flowers for Our Pastor," primary children; "Ring, Ring Jubilee Bells," third and fourth grade children; presentation for the women, Miss Evelyn Chrismier; presentation for the men, Guy Sanders; talk by the Rev. Firing squads of the Albert J. Lentz post and of the Waynesboro American Legion post fired a volley over the graves, and Sgt. William L. Baldwin, chief trumpeter, Pennsylvania Sons of Union Veterans Reserve, sounded taps.

CZECHS LOST LAST VESTIGES OF DEMOCRACY

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

The Democracy of Czechoslovakia was wiped out in last Sunday's Communist-controlled election — a terrible warning to other countries which temporize with the Redism.

This represented the final step in the Bolshevik conquest of the 30-year-old republic which now becomes to all intents a part of the Muscovite empire. Formal "admission" of Czechoslovakia into the Soviet Union may or may not follow in due course, but it makes small difference. The little nation is now under the Russian totalitarian dictatorship.

There was only one ticket of hand-picked National Front candidates, so that the outcome was cut and dried. The sole way opposition could be shown was by casting blank ballots under scrutiny of Red watchers — a dangerous defiance.

Many Blank Ballots

Despite the risk, 770,701 citizens are said by the Ministry of the Interior to have cast these blanks. Another 806,041 voters didn't go to the polls or had their ballots declared invalid. Thus a total of at least 1,576,742 didn't vote. This represented about 20 per cent of those registered — 8,005,887. The Front received 6,429,145 votes.

Here we have a perfect example of the way Communism proceeds in the conquest of a nation.

There was no Czechoslovakian F.B.I. announcing subversive Red activities.

There was no Attorney General Tom Clark stating that the Prague government's authority to dismiss employees having Communist connections was established clearly in law and by Supreme Court rulings.

There were no witnesses flatly denying a Congressional committee and refusing to disclose whether they are Communists.

There was no House Speaker Joseph H. Martin, Jr., to declare, as he did yesterday in a speech at Gettysburg: "It is a strange paradox that when we seek to curb their seditious activities, the subversionists seek refuge under the protection of the same Constitution and the same Bill of Rights they are attempting to destroy."

Now we have the climax in the rigged national election. That surely is writing on the wall for all Democracies which are smart enough to read it.

Lost Girl Found On Railroad Tracks

Hatboro, Pa., June 1 (AP) — A railroad engineer saw a small figure on the tracks before him in the rain last night and brought his train to a screeching halt.

The engineer, John Radke, of New Hope, Pa., climbed down from his cab and picked up three-year-old Evelyn Mawson, who had remained on the tracks apparently unaware of the meaning of Radke's whistle blasts.

A check with police revealed that more than 100 policemen, volunteer firemen and Boy Scouts were scouring the neighborhood for the little girl who had wandered away from her home two miles from Hatboro.

With Evelyn safely back in her parents' arms, Radke piloted his Reading company train on to New Hope.

Pitt Laboratories Destroyed By Fire

Pittsburgh, June 1 (AP) — Fire destroyed the Chemical Engineering and Metallurgical Laboratories of the University of Pittsburgh yesterday. Fire Chief William Davis estimated loss at \$500,000. Estimates from university spokesmen ranged from \$300,000 to \$850,000.

Chancellor Rufus H. Fitzgerald said the fire was a major blow to the university's program and would cause disruption of schedules until other laboratory facilities can be arranged.

Firefighting was hampered by nearly a score of minor explosions caused by chemicals and inflammable materials. About an hour after the flames broke out, highly poisonous phosgene gas was detected and firemen were ordered back. Police cleared spectators from the fire area.

ASK DEATH PENALTY

Philadelphia, June 1 (AP) — The murder trial of David Almeida, 33, accused of participating in the fatal shooting of Patrolman Cecil Ingling during a supermarket holdup here January 30, 1947, was scheduled to open today in quarter sessions court. The commonwealth indicated it would ask the death penalty for Almeida, one of the three men rounded up by police in connection with Ingling's death.

UNITY MITFORD DIES

Oban, Scotland, June 1 (AP) — The Hon. Unity Freeman-Mitford, 33, who Adolf Hitler once was said to have called an ideal Nordic type, died at an Oban hospital Saturday night. She was a sister-in-law of Sir Oswald Mosley, prewar British Fascist chief. A family friend said it is believed she died of meningitis.

Tired, "All-In"— Listless Feeling Brought To Halt

As Vibrant Energy is Released
To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous, blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

UP TO TWENTY SAILORS LOST OFF LAUNCH

Norfolk, Va., June 1 (AP) — A naval spokesman said today he believed the death toll in the swamping of a launch carrying 90 navy men in Hampton Roads "will be under 20."

Rear Admiral C. A. F. Sprague, commander of a Mediterranean-bound task force, said in a statement issued to newsmen "we believe that death numbers will be under 20 men missing. This may include stragglers."

By stragglers, Sprague meant men absent over leave.

Sprague said it was impossible to determine the number of survivors in the choppy, rain-swept waters.

The admiral's statement was sent ashore by messenger from the aircraft carrier Kearsarge, anchored two miles off the fleet landing at the Norfolk naval station. The 50-foot launch was attached to the carrier and swamped within 200 yards off the carrier's port beam at 8:45 o'clock last night at it was returning a liberty party to the carrier.

Naval spokesmen had reported earlier today that "some men" were picked up by rescue vessels and one man swam ashore.

Sailing of the task force was delayed indefinitely after the accident and its ships were placed on four hour sailing notice.

A special muster of the Kearsarge's complement was still in progress at 7:30 a. m. Even such a muster will be inconclusive, however, as a number of men normally are absent over leave when naval ships sail for extensive duty in foreign waters.

BROKEN MIRROR LUCKY

Jamestown, N. Y., (AP) — A broken mirror proved lucky for Fred J. Harrington's family. A light bulb ignited a celluloid lampshade. The flames spread to a curtain and window sash, then burned through a cord suspending a mirror. The crash attracted the attention of the family at dinner downstairs in time to avert serious damage.

Pattern for the fine cars of the 'Fifties

THE LINCOLN

TWO COMPLETELY NEW 1949 Lincolns

IN A CHOICE OF MAGNIFICENT BODY STYLES
AND TWO SEPARATE PRICE RANGES

A new fine car isn't made overnight. Not a really new and really fine car.

The 1949 Lincoln you can see now at your Lincoln dealer's have been years perfecting. Here was a job that couldn't be rushed. For these 1949 Lincolns were designed to meet the 1950s more than half way; to be the automotive pattern for years to come.

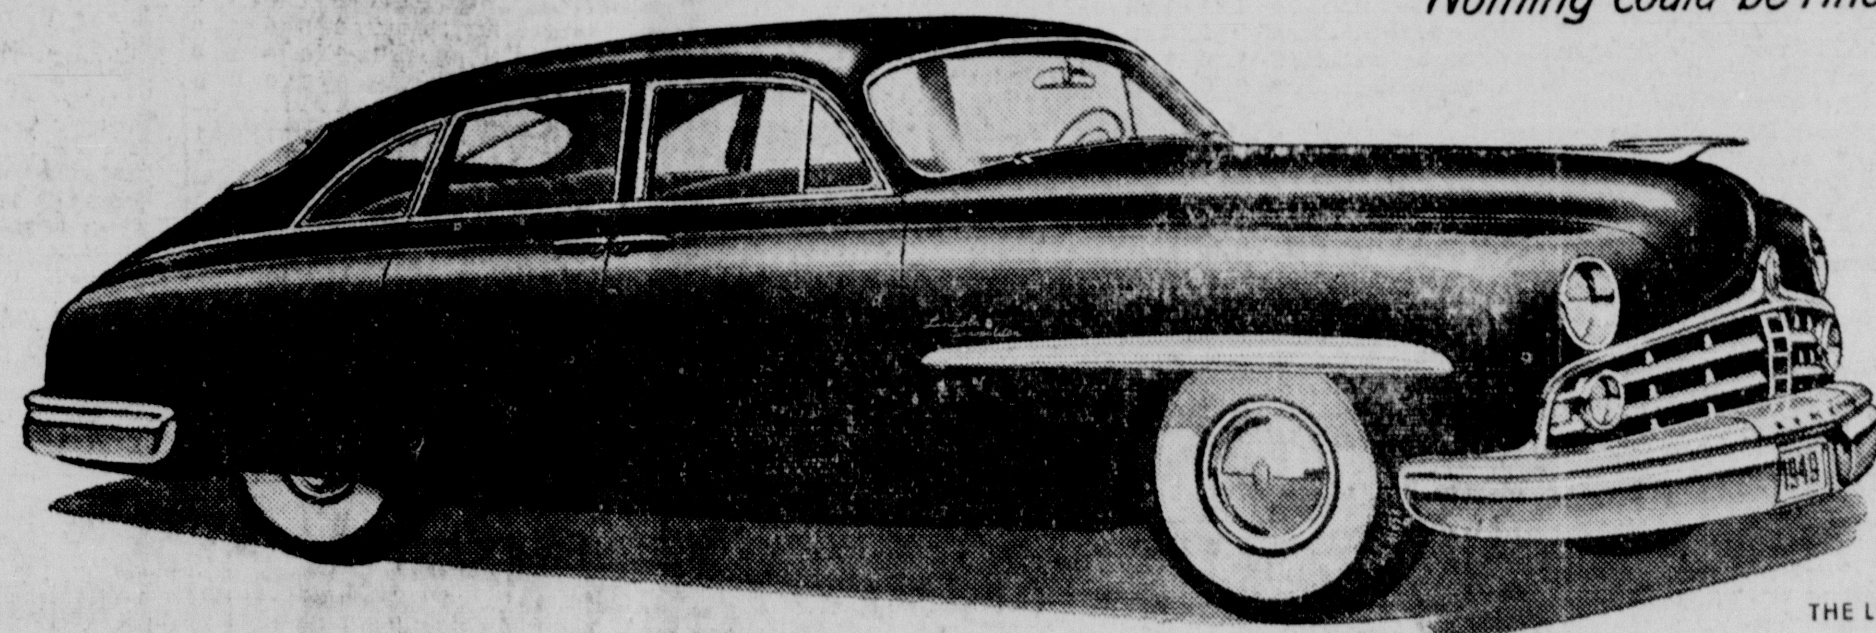

Are they beautiful? Of course, with a new, massive breadth of line that's fresh to the eye...and sheer joy when you see how much extra room it means. They've got a low, hug-the-road look. And feel how their new super-balloon tires, with their wider, safer rims, really cushion your ride.

Are they powerful? In both the Lincoln and Lincoln Cosmopolitan, there's the same powerful engine. Newly designed right from the blueprints up, 8-cylinder, V-type, 152-horsepower...it's as fine an engine as human skill can make. A fortress of strength...built with the precision that goes into aviation engines.

Are they luxurious, these new Lincolns? Naturally. From the smart upholstery fabrics and distinctive color combinations to their new carefree, effortless ride, these Lincolns are a revelation and a new experience in motoring.

Yes, look at the fine cars of the '50s...Look at Lincoln.

Nothing could be Finer...or Newer!

Today's Talk

PREPARATION—THE KEYSTONE

At the end of two years in college I was tempted to quit. I sought the advice of a man in whom I had confidence. He said: "Don't do it. There are enough men in the world now who are only half prepared to face life's responsibilities. Be a finisher. Battle it out. It will be the bane of your life if you now start by doing things only half way." I took this advice and finished my course, and I have never regretted it.

Preparation, in the early days, meant everything. A boy was glad to get a job as an apprentice, where he worked for a year or more, just to learn the business—and without pay during that time! The experience of Benjamin Franklin, as told in his autobiography, was typical of that time, all over America.

I have long remembered the story of a singer who went to Europe to study under a great master. He worked hard, year in and year out, until he began to get discouraged and wanted to give up the training, but his teacher insisted that he continue. Again he got restless, but was told that he must stay another two years, at the end of which time his teacher said: "Now you may return to America, for you are the greatest singer in the world!"

It seems a long time for a chap, after finishing a college course, to spend another four years in intensive study for the profession of the law, medicine, or some phase of engineering, but it is essential. Training is the keystone to every worthwhile success.

Few realize the long and discouraging years that a writer puts in before he finally is recognized—and often he is not given his just due until he can no longer gain any satisfaction in it. How great the number of those (whose work we now so much enjoy) who died before hardly more than a whisper of appreciation reached their ears! Their preparation, however, was sound. That is why their work lives today. Don't hurry. There is time for everything worth while.

Tomorrow Mr. Adams will talk on the subject: "On Noticing."

Just Folks

By EDGAR A. GUEST
The Poet of the People

THE FIRST TASK
By doing the little the greater is won,
By learning to walk a child learns how to run.

The boy who does badly the first task assigned,
To trust with the second no man is inclined.

Successful careers at the start are begun,
A boy becomes known by the work he has done.

As they find him today men are certain that he
With the task that is greater tomorrow will be.

Oh, youth starting out, this for you is the test:
Did you shirk your first duty or give it your best?

For the task that is greater tomorrow, the way
Is to prove you deserve to be trusted today.

The Adams County Baseball league race tightened considerably as the result of Memorial Day double-headers played Monday.

Gettysburg split even in its games. Charley Kitzmiller hurled as the locals gained a 2-1 decision over Fairfield here in the morning game. Fairfield scored its lone run in the fifth when Schultz doubled and scored on an outfield fly. Manager Johnson's lads tabbed a run in the fourth on a single by Ulrich, sacrifice by Stonifer and a single by Bushey. The winning run came in the seventh on a base on balls to Bushey, his steal of second, a sacrifice by Johnson and McCauslin's fly to left.

Moore, former Hanover ace, fanned no less than 23 Gettysburg batsmen as Hanover nosed out the legionnaires 6-4 in a 12-inning contest here Monday afternoon, the game having been transferred to the local diamond due to the Hanover field being wet.

Whenever the youngster got in trouble he came up with one or two strikeouts. Hanover scored four runs in the fourth while Gettysburg tabbed two in the first and two in the fifth. Four hits in the 12th gave the visitors the decision.

Ends In Tie
Orrtanna and York Springs played to a 5-5 tie in their morning game at York Springs, the game being halted by the noon hour ruling of the league. The game will be replayed on June 10 at 6 p.m. at York Springs.

Orrtanna held a 5-0 lead until York Springs scored five times in the sixth. Murtolo's hit going for a homerun with two on when it was lost in tall grass.

In the afternoon game at Orrtanna the home club tabbed four runs in the last of the sixth to break a 3-3 deadlock and went on to win 8-3. L. Wetzel and K. Deardorff each collected three hits for the winners while D. Rebert permitted Emmitsburg but four hits.

Bendersville swept both ends of its doubleheader by smothering McSherrystown 12-2 in the morning game at Bendersville and following with a 6-1 decision over Fairfield in the afternoon at Fairfield. Brough poled four hits for the victors in the morning contest.

Littlestown also copped a twin bill. In the morning they came from behind with a pair of runs in the eighth and a single tally in the ninth to nose out Hanover 5-4 at Littlestown. Five runs in the top half of the sixth frame gave them their second win in the afternoon at New Oxford 7-3.

New Oxford also lost, its morning game at Emmitsburg 5-3.

McSherrystown nosed out York Springs in the afternoon tilt at McSherrystown 3-2.

Cincinnati Reds Wallop Cards As Giants Split
By JOE REICHLER
(Associated Press Sports Writer)
Memorial Day, 1948, which produced the greatest single day turnout ever witnessed in the major leagues, will be remembered by baseball fans for a long time, but it will bring only poignant memories to followers of the St. Louis Cardinals.

Only a comparative handful—24,000 persons—of the record paid admissions of 337,776 were on hand in Cincinnati to see the lowly Reds inflict two decisive defeats upon the slump-ridden Redbirds that knocked Cards out of first place in the National League.

The scores were 4-3 and 7-0. The defeats were the fourth and fifth straight suffered by the Cards. Today, as they prepare to open a long home stay, they find themselves out of the league lead for the first time since May 13.

A's Split With Bosox
The new occupants of the top berth are the New York Giants, who assumed a half-game lead over the Cards by earning a split in their double header with the Dodgers in Brooklyn. The Giants bowed, 4-3, in the morning game, but came back strong to win the afternoon game, 10-1.

The Philadelphia Athletics bounced first out and then back into the lead in the tight American league race by dividing a double-header with the Boston Red Sox before 24,838 hometown rosters. After Joe Hobson of the Red Sox had blanked them, 7-0, on four hits, the A's came back to win the second, 2-1, to retain their lead over the Cleveland Indians.

CINCINNATI REDS WALLOP CARDS AS GIANTS SPLIT

By JOE REICHLER

(Associated Press Sports Writer)

Memorial Day, 1948, which produced the greatest single day turnout ever witnessed in the major leagues, will be remembered by baseball fans for a long time, but it will bring only poignant memories to followers of the St. Louis Cardinals.

Only a comparative handful—24,000 persons—of the record paid admissions of 337,776 were on hand in Cincinnati to see the lowly Reds inflict two decisive defeats upon the slump-ridden Redbirds that knocked Cards out of first place in the National League.

The scores were 4-3 and 7-0. The defeats were the fourth and fifth straight suffered by the Cards. Today, as they prepare to open a long home stay, they find themselves out of the league lead for the first time since May 13.

peated to be especially proud to take part in the public ceremony.

Two mounted aides, William and Charles Jacobs, headed the second division. They were followed by the Port George G. Meade band and drum corps. The soldiers wore white helmet liners and white leggings.

Following that musical organization were military police from Carlisle Barracks, who had with them two white painted jeeps.

Equipment and soldiers from Letternenny Ordnance depot followed. Led by a jeep, the equipment included an armored car, two half-tracks, an M-8 armored car, a huge tank carrier, a heavy tank and another armored car.

VFW Drum Corps

Next in line was the Waynesboro drum corps followed by the local VFW color guard and members, and the color Division No. 60, of the Naval Reserve, from York. The fifty white-clad reserve sailors had with them a white painted jeep fitted with a trailer on which was mounted a painting of a ship at sea informing all that the reserve is made up of "civilian sailors."

The Blue and Gray band preceded the local Troop A of the Pennsylvania National Guard, commanded by Lt. William G. Weaver, of New Oxford. Thirty-six members of the organization drove the armored cars and half tracks, with one group standing in the half-track as a color guard.

Veterans of the Spanish American War followed the Hanover Veterans of Foreign Wars drum corps. Four members of the thinning ranks of the veterans of the war of over a half century ago made up a color guard. Other members of the local United Spanish American Wars Veterans rode in automobiles.

Drum Corps Drills

The Haines-Stackfield Legion post drum corps and marching unit from Carlisle preceded the local Dorsey-Stanton post of the American Legion. The Carlisle Legionnaires drew applause from the crowd when the drum corps put on an unusual form of countermarching, which ended with the drum corps stretched out in single file.

Members of the Albert J. Lentz post of the American Legion were headed by the York American Legion drum corps and the marching corps of the Waynesboro American Legion post. Officers, past and present, of the Lentz post were in Legion uniform for the parade.

Pages In Parade

The Troop 79 Drum Corps headed the Boy Scout, Girl Scout and 4-H section of the parade. Under command of William Weikert, the scout drum corps drew applause by counter marching activities along the line of march. Following the two Boy Scout troops behind the drum corps came five Girl Scout and Brownie troops. The green and tan clad girls, about 150 in all, carried flowers. Flowers were also carried by the white clad 4-H members. The Girl Scouts and 4-H members strewed flowers on the new graves at the cemetery during the exercises there.

Much applause was given by the spectators to 30 pages from the House of Representatives at Washington. Led by Joseph Bartlett, the youngsters, in white shirts and black trousers, presented a smart military appearance, keeping almost perfect step along the way.

The pages immediately preceded the open car bearing Congressman Martin. Other cars containing the various men connected with the rostrum program concluded the parade.

PLANE SCATTERS GOLFERS

Philadelphia, June 1 (AP)—A group of golfers were forced to scatter yesterday as a small airplane made a forced landing on the city's Juniata golf course. The pilot of the plane, who identified himself as Wyllys Hodges of Cumberland, Md., said he encountered a heavy fog, lost radio contact with the Philadelphia airport and landed after spotting the golf course through a hole in the overcast.

SHOWDOWN NEAR FOR LIQUOR BD.

Harrisburg, June 1 (AP)—The Pennsylvania Liquor Control Board headed toward a showdown today on the proposal of one of its members to tighten up its policy on accepting money compromises from suspended licensees.
With a full meeting of the board due for the first time since last Wednesday, the board was expected to discuss the plan of board member Charles C. McGovern, of Pittsburgh, to require suspended licensees to close their bars for at least half of the suspension period.
At present, the board under the law may accept money penalties ranging from \$10 to \$100, depending on the license, and then must rescind the suspension in full.
McGovern's plan called for acceptance of the full money penalty but allowing the license to stay open only for half of the suspension. In addition, he urged posting of the licensees' premises with a large sign proclaiming that it is closed for "liquor violations."
Chairman Frederick T. Gelder said the plan had "doubtful propriety" in view of the liquor laws. He also said that all the compromise payments accepted while he and McGovern were the two board members

CARRIES APPEAL TO HIGHER COURT

Washington, June 1 (AP)—Former Federal Judge Albert W. Johnson of Pennsylvania carried to the U. S. Court of Claims today his arguments for restoration of his \$10,000 yearly salary.
The 75-year-old former jurist of the Pennsylvania middle district is asking \$24,666.65 in back salary as well as restoration during the remainder of his life of the \$10,000 salary he was receiving when he resigned from the bench in June, 1945.
Johnson resigned while the House judiciary committee was investigating his conduct. He contends that an act of Congress barring him from receiving and retirement benefits is unconstitutional. He gives these reasons:
1. When he relinquished any right to retirement benefits in mid 1945 he was "ill mentally and physically and unable to comprehend the nature and consequence" of his act.
2. In February, 1946, he revoked his previous action but was informed by the federal government that his salary would not be paid without a court order.
3. Congress acted after he had revoked his previous action.
The Justice department opposes the petition. It says that the act of Congress stands, that there is a difference between a resigned judge and a retired judge, and if the money Johnson seeks is a pension then the court of claims has no jurisdiction.

team played its last game May 13 and as soon as school was out, May 28, there was a rush to go home, go to work, go to semi-pro or pro teams, etc. . . . Coach Bibb Falk figured he couldn't re-assemble the squad for the western regionals at Denver, June 16, although there seems to be no difficulty about holding the Longhorn golfers for the NCAA meet at Stanford even later in the month. . . . But look at the eastern sector. . . . Dartmouth, Holy Cross and Rutgers are standouts in districts one and two; Illinois and Michigan tied for Big Nine honors and four southern teams will engage in a district three playoff. . . . They really want to get into that final.

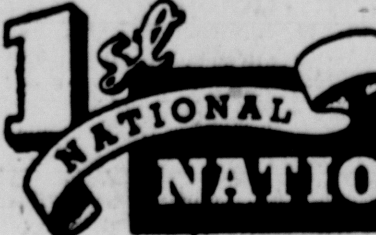

SPORTS BEFORE YOUR EYES
Deadline for ticket applications for the Orange Bowl football game New Year's Day is midnight tonight—and no guarantee you'll get them. . . . Requests for more than 100,000 seats in the 60,000-capacity stadium already have been received. . . . Don't be surprised if the National Football league returns to four-man officiating teams next fall. . . . Sports Roundup

By HUGH FULLERTON, Jr.
New York, June 1 (AP)—The best teams may not be on hand for the second national collegiate baseball championship tournament at Kalamazoo, Mich., late this month.
There'll be some good ones in the playoffs, but California can't defend its title because the fine 1947 team was broken up, mainly by ineptitude, and Texas, probably the best 1948 team, won't play. . . . The Texas

had approval of both of them.
Frank Armstrong, the third member of the board appointed by Gov. James H. Duff earlier this year, has withheld comment.
